Spaulding Swatted It So Hard  
Yesterday.

## BEAT MONTPELIER HIGH.

Of Ten Hits Made, Five Were for Two  
Bases—Score of Second Game  
Between Two Teams Was  
Ten to Seven.

Capt. Halvosa took his squad of Spaulding high school ball players to Montpelier yesterday afternoon to meet Montpelier high school again, and it was an entirely different game that the Spaulding boys put up compared with the miserable exhibition last week when Montpelier won in this city. The score yesterday was 10 to 7, with the balance on the side of Spaulding. Up to the seventh inning it looked as if the Montpelier team had them going again, but in that inning Spaulding fell to and welled the ball until it got lopsided and miserable-looking. When the ball was chased in for the end of the inning Spaulding had scored five times and got a safe lead. Each team scored once after that.

Fisher pitched a good game for Spaulding, while Theriault had no terror for the Barre boys this time. Five of their ten safe swats off him were two-baggers. The outfield of Spaulding made some pretty plays, and in fact the whole team played with more confidence than usual. Bruce played a good game, making three assists, three runs and two hits, both for two bases.

The hit came in the ninth inning, with one out, a man on the bases and the score a tie. Boston had four and Chicago three. Weimer, the Windy City twirler, left the box in the second inning after being touched up lively. Cannell doubled and Tenny singled, scoring Cannell. Batty sacrificed, and Wolverton was hit by a pitched ball. Barely fled out and Sharpe singled over second, scoring Tenny. On Raymer's single to right Wolverton was thrown out at the plate. Boston scored again in the fifth, after one was down. Fraser, Cannell and Tenny singled, and on Batty's out Fraser scored. Cannell's winning hit in the ninth followed two singles and an out. Chicago got one in the first on a fielder's choice and a double, and two in the fourth. Tinker singled and scored on Hoffman's hit to right. ### FRET NAN PATTERSON.

Delays Now Worrying Prisoner in the Tombs.

New York, May 11.—According to her counsel, Nan Patterson was fretting in the Tombs yesterday on account of the uncertainty as to what disposition District Attorney Jerome would make of her case.

"I thought they would let me go before this," she said.

"Why doesn't Mr. Jerome say what he is going to do?" she asked.

Her father and sister were with her during the day. The two sisters now sleep in the same cell in the hospital ward of the Tombs.

District Attorney Jerome has not yet intimated whether he will detain the chorus girl for another trial or let her go. Lawyer Levy said yesterday that he expected Mr. Jerome would act in the matter before the end of the week.

## ROOSEVELT'S FIRM "NO"

President's Stand on Second  
Term Question.

## WILL NOT RUN AGAIN.

Statement in Connection With Congress

Rate Legislation—No Compromise  
Bill, Either—Says People Must  
Be Relieved.

Omaha, Neb., May 11.—The Bee quotes President Roosevelt as making the emphatic statement that he will not be a candidate for re-election. The Bee says:

"You are authorized to state that I will not again be a candidate for the office of president of the United States. There are no strings on this statement. I mean it. I made my speech at Denver for the purpose of convincing the people of my earnestness in regard to the matter of railroad legislation. I will not be satisfied with any compromise that does not bring relief to the people from the conditions that now exist in regard to the transportation affairs in the country. No compromise bill from Congress will be accepted. This is President Roosevelt's reply to a representative of the Bee on his special train as he journeyed across Nebraska. Published statements to the effect that the president would be forced to accept a renomination by the people, who would be aroused to that pitch by the failure of Congress to enact remedial legislation were shown him. He expressed himself most emphatically that he was not to be swayed from his determination by any advances that might be made him, no matter in what disguise they came."

## FIRST CLUE TO THE LOST BRALEY BABY

Seen in Three Different Places in Team

With Strange Man — Sheriff  
Now on Trail.

Danbury, N. H., May 11.—What appears to be the only tangible clue surrounding the disappearance of little Elwyn Braley from his father's farm on Wild's Meadow two weeks ago has just come to light, and Deputy Sheriff Claude N. Murray has taken up the case with more enthusiasm than has been displayed heretofore.

A man and a boy, whose description answers in every detail to that of the missing Braley child, were seen at three different places driving from the direction of Danbury on the day of the disappearance. The time was well noted in each instance and accords entirely with the length of time required to travel the distance covered.

The outfit, consisting of a sorrel horse and a piano-box buggy, in which the man and boy were riding, was first seen at Canaan by Mrs. William Welch, who lives on the road to Lebanon and whose reliability is beyond question. The man and boy appeared to be on the best of terms and the child was apparently contented and happy.

In about the time it ordinarily takes to travel from the Welch farm to Lebanon the same team and people were seen by several residents of Lebanon driving through the village from the direction of Canaan. No particular attention was paid to them, as they seemed to be on as familiar terms as a father and son might be. The description given by those who saw the child in Lebanon tallies with that of the child seen by Mrs. Welch and of the missing boy.

County Commissioner Hoyt, of Etna, was driving along the road toward Canaan, on the morning of the disappearance and met the same outfit with the man and boy. Again the time was in accord with the times at which the team was seen at the other two places and the description agrees in every particular.

The responsibility of these witnesses and the straightforwardness of their accounts so impressed Deputy Sheriff Murray that he gave up a contemplated drive to Plymouth on business and started at once to trace the team. County Commissioner Hoyt, who knows almost everyone in that part of the county personally, says that the man who was accompanying the boy was a stranger, or at least that he is not a resident of Lebanon, Canaan or Etna.

The route taken by the team is on the direct road from Danbury to White River Junction, where trains may be taken in almost any direction.

### THREE DROWNED.

Lads Perish While Out in a Boat Near Portland.

Portland, Me., May 11.—Bernard Stubbs, aged 15, the son of J. W. Stubbs; Robert Sawyer, aged 21, and Paul Sawyer, aged 16, the sons of Fred Sawyer, all residents of Falmouth Foreside, are thought to be drowned as the result of the capsizing or sinking of a gunning float in which they went out Tuesday afternoon.

The three young men left at 3:30 o'clock in the afternoon with the intention of shooting ducks along the coast. Nothing was heard from them last night. A summer resident of Falmouth Foreside said she saw three young men in a float and that is the last that has been heard of them. The float was found yesterday morning on Dusky Clapboard island, bottom up. Efforts are now being made to locate the boys, but there is little hope that they will be found alive.

### MAY BE NEW RATE WAR.

White Star, Dominion and the American Lines Withdraw.

London, May 11.—The withdrawal of the Cunard line from the agreement of the combine of steamship lines—announced by Lord Inverclyde, chairman of the Cunard company, April 13—was followed yesterday by an official announcement from the White Star, Dominion and American lines combine that these lines had given notice of their withdrawal from the North Atlantic passenger conference first and second class rate agreements and third class British and Scandinavian and continental agreements.

The announcement explains that this action was taken in view of the withdrawal of the Cunard line from all passenger rate agreements recently arranged on account of the refusal of the American government to consent to the American line changing its mail service sailing day.

It was therefore felt necessary that the other lines should be equally free from all agreements, so as to be enabled to protect themselves against any action the Cunard line may see fit to take which may be considered inimical to their interests.

### TO DEFEND ITALY.

All Possible to Be Done by the Government.

Rome, May 11.—General Bava Becaris who became prominent through his energetic repression of the Milan riots in 1898, interpellated the Government in the Senate Tuesday about the "technical and moral preparation for Italy's defense, and especially the fortification of frontiers," evidently alluding to the defense of the Austrian confines. General Becaris said he did not believe in universal peace, as the imperialistic policy of other Powers is a constant threat. He pointed to Japan as an example of moral preparation. Premier Fortis answered that the Government intends to spend as much as possible for the defense of the country, but is now considering the financial situation, as a good financial condition of the State is the principal factor for victory.

### GAPON RETURNS.

Anxious to Lead the Workmen of St. Petersburg Again.

London, May 11.—A dispatch to the Central News from St. Petersburg says, it is reported, that Father Gapon has returned there and is anxious to lead the workmen again, but that they are disinclined to accept his leadership.

The revolutionary propaganda among the working classes in the suburbs of St. Petersburg is increasing in importance. Great preparations are being made to attack the authorities. Arrests continue, but the movement is spreading despite efforts at repression.
